PAPER

Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Office Action Summary

Application No.

10/083,170

Applicant(s)

FORMALE ET AL.

Examiner

OJO O. OYEBISI

Art Unit

3692

– The MAILING DATE of this communication appears on the cover sheet with the correspondence address –

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) ☒ Responsive to communication(s) filed on 24 May 2002.
- 2a) ☐ This action is FINAL. 2b) ☒ This action is non-final.
- 3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

Disposition of Claims

- 4) ☒ Claim(s) 1-30 is/are pending in the application.
- 4a) Of the above claim(s) _____ is/are withdrawn from consideration.
- 5) ☐ Claim(s) _____ is/are allowed.
- 6) ☒ Claim(s) 1-30 is/are rejected.
- 7) ☐ Claim(s) _____ is/are objected to.
- 8) ☐ Claim(s) _____ are subject to restriction and/or election requirement.

Application Papers

- 9) ☐ The specification is objected to by the Examiner.
- 10) ☒ The drawing(s) filed on 26 February 2002 is/are: a) ☒ accepted or b) ☐ objected to by the Examiner.
- Applicant may not request that any objection to the drawing(s) be held in abeyance. See 37 CFR 1.85(a).
- Replacement drawing sheet(s) including the correction is required if the drawing(s) is objected to. See 37 CFR 1.121(d).
- 11) ☐ The oath or declaration is objected to by the Examiner. Note the attached Office Action or form PTO-152.

Priority under 35 U.S.C. § 119

- 12) ☐ Acknowledgment is made of a claim for foreign priority under 35 U.S.C. § 119(a)-(d) or (f).
- a) ☐ All b) ☐ Some * c) ☐ None of:
- ☐ Certified copies of the priority documents have been received.
 - ☐ Certified copies of the priority documents have been received in Application No. _____.
 - ☐ Copies of the certified copies of the priority documents have been received in this National Stage application from the International Bureau (PCT Rule 17.2(a)).

* See the attached detailed Office action for a list of the certified copies not received.

Attachment(s)

- ☒ Notice of References Cited (PTO-892)
- ☐ Notice of Draftsperson's Patent Drawing Review (PTO-948)
- ☒ Information Disclosure Statement(s) (PTO/SB/08)
Paper No(s)/Mail Date 02/26/02
- ☐ Interview Summary (PTO-413)
Paper No(s)/Mail Date. _____
- ☐ Notice of Informal Patent Application
- ☐ Other: _____

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-30 are rejected under 35 U.S.C. 102(b) as being anticipated by Chapter Seven (Chapter 7 hereinafter, Disposition Sections 7.1, <http://www.stanford.edu/dept/UPA/chapter%207.html>).

Re claims 1, 2 and 3. Chapter 7 discloses a method of managing assets controlled by members of an organization, said organization having a central server configured to access data and software systems of said organization (on-line disposal request, see pg 5, line 16), comprising the steps of: identifying one or more of said assets for management and submitting an asset disposition request to said central server (i.e., identify items which are excess, see pg 5 line 27); automatically, based on receipt of said asset disposition request, obtaining all required approvals for said asset disposition request; automatically (see pg 7 lines 21-42), based on said obtaining of all required approvals, effecting said asset disposition request (i.e., PMO will proceed with processing the disposition request, see pg7 line 42); and automatically modifying said data to reflect said effected disposition request (i.e., update CAMS record with sales/scrap data per SPS disposal report, see pg 12 #8) (see pgs 1-19).

Art Unit: 3692

Re claim 4. Chapter 7 discloses a method wherein said data includes asset inventory data, personnel data, and financial data, and wherein said software systems of said organization include an automated routing system (i.e., prism routing system, see pg 2 under overview) coupled to said asset inventory data, said personnel data, and said financial data, said step of automatically obtaining all required approvals comprising at least the steps of: identifying from said asset inventory data all assets affected by said asset disposition request; determining from if said identified assets meet a predetermined disposition criteria (see pg 5 lines 26-41, also see pg 9); if said predetermined disposition criteria has been met (see pg 7 line 21), identifying from said personnel data any personnel required to approve said asset disposition request (see pg 7 lines 21-25); requesting approvals from said identified personnel using said automated routing system (see pg 7 lines 21-42); and receiving said approvals from said identified personnel using said automated routing system (see pg 7 lines 21-42).

Re claims 5, 6-10. Chapter 7 discloses a method wherein said step of automatically effecting said asset disposition request comprises at least the steps of: changing the control status of identified assets in accordance with said asset disposition request; notifying, using said automated routing system, any member of said organization responsible for effecting said disposition request; receiving, from said member(s) of said organization responsible for effecting said disposition request, confirmation that said asset disposition request has been effected; and notifying, using said automated routing system, all members of said organization affected by said disposition (see pg 7 lines 21-42, also see pg 5 lines 26-41) (see pgs 1-19).

Art Unit: 3692

Re claims 11, 12 and 13. Chapter 7 discloses a system for managing assets controlled by members of an organization, said organization having a central server configured to access data and software systems of said organization (on-line disposal request, see pg 5, line 16), comprising: means for identifying one or more of said assets for management and submitting an asset disposition request to said central server (i.e., identify items which are excess, see pg 5 line 27); means for automatically, based on receipt of said asset disposition request, obtaining all required approvals for said asset disposition request (see pg 7 lines 21-42); means for automatically, based on said obtaining of all required approvals, effecting said asset disposition request (i.e., PMO will proceed with processing the disposition request, see pg7 line 42); and means for automatically modifying said data to reflect said effected disposition request (i.e., update CAMS record with sales/scrap data per SPS disposal report, see pg 12 #8) (see pgs 1-19)

Re claim 14. Chapter 7 further discloses a system as set forth in claim 11, wherein said data includes asset inventory data, personnel data, and financial data, and wherein said software systems of said organization include an automated routing system (i.e., prism routing system, see pg 2 under overview) coupled to said asset inventory data, said personnel data, and said financial data, said means for automatically obtaining all required approvals comprising at least: means for identifying from said asset inventory data all assets affected by said asset disposition request; means for determining if said identified asset(s) meet a predetermined disposition criteria; means for identifying from said personnel data, if said predetermined disposition criteria has been met (see pg 5

Art Unit: 3692

lines 26-41, also see pg 9), any personnel required to approve said asset disposition request; means for requesting approvals from said identified personnel using said automated routing system (see pg 7 lines 21-42); and means for receiving said approvals from said identified personnel using said automated routing system (see pg 7 lines 21-42).

Re claims 15, 16-20. Chapter 7 further discloses a system, wherein said means for automatically effecting said asset disposition request comprises at least: means for changing the control status of identified assets in accordance with said asset disposition request; means for notifying any member of said organization responsible for effecting said disposition request; means for receiving, from said member(s) of said organization responsible for effecting said disposition request, confirmation that said asset disposition request has been effected; and means for notifying all members of said organization affected by said disposition (see pg 7 lines 21-42, also see pg 5 lines 26-41) (see pgs 1-19).

Re claims 21, 22 and 23. Chapter 7 further discloses a computer program product for managing assets controlled by members of an organization, said organization having a central server configured to access data and software systems of said organization, the computer program product comprising a computer-readable storage medium having computer-readable program code embodied in the medium, the computer-readable program code comprising: computer-readable program code that identifies one or more of said assets for management and submits an asset disposition request to said central server (i.e., identify items which are excess, see pg 5 line 27, also see pg 7 lines 21-42);

Art Unit: 3692

computer-readable program code that automatically, based on receipt of said asset disposition request, obtains all required approvals for said asset disposition request (see pg 7 lines 21-42); computer-readable program code that automatically, based on said obtaining of all required approvals (i.e., PMO will proceed with processing the disposition request, see pg7 line 42), effects said asset disposition request; and computer-readable program code that automatically modifies said data to reflect said effected disposition request (i.e., update CAMS record with sales/scrap data per SPS disposal report, see pg 12 #8) (see pgs 1-19).

Re claim 24. Chapter 7 discloses a computer program product, wherein said data includes asset inventory data, personnel data, and financial data, and wherein said software systems of said organization include an automated routing system (i.e., prism routing system, see pg 2 under overview) coupled to said asset inventory data, said personnel data, and said financial data, and wherein the computer-readable program code that automatically obtains all required approvals comprises at least: computer-readable program code that identifies from said asset inventory data all assets affected by said asset disposition request; computer-readable program code that determines if said identified assets meet a predetermined disposition criteria; computer-readable program code that (see pg 5 lines 26-41, also see pg 9), if said predetermined disposition criteria has been met, identifies from said personnel data any personnel required to approve said asset disposition request (see pg 7 lines 21-42); computer-readable program code that requests approvals from said identified personnel using said automated routing system; and computer-readable program code that receives

Art Unit: 3692

said approvals from said identified personnel using said automated routing system (see pg 7 lines 26-41) (see pgs 1-19).

Re claim 25, 26-30. Chapter 7 further discloses a computer program product, wherein the computer-readable program code that automatically effects said asset disposition request comprises at least: computer-readable program code that changes the control status of identified assets in accordance with said asset disposition request; computer-readable program code that notifies, using said automated routing system, any member of said organization responsible for effecting said disposition request; computer-readable program code that receives, from said member(s) of said organization responsible for effecting said disposition request, confirmation that said asset disposition request has been effected; and computer-readable program code that notifies, using said automated routing system, all members of said organization affected by said disposition (see pg 7 lines 21-42, also see pg 5 lines 26-41) (see pgs 1-19).

Conclusion

A prior art of record, DAS (Department of Administrative Services, <http://www.oregon.gov/DAS/OP/docs/pdf/10703020.pdf>), cited but not relied upon is found pertinent to the present application in following ways: DAS discloses Complete Property **Disposition Request** (PDR) and determine if item is being accounted for in the fixed **asset** subsidiary system.
